Forestry

WASHINGTON STATE UNIVERSITY
EXTENSION

King County

This program is an educational partnership between Washington State University Extension Forestry and the Washington Department of Natural Resources. This program is made possible in part by Whatcom County. Extension programs and employment are available to all without discrimination. Evidence of noncompliance may be reported through your local Extension office.

Recommended Activities

1. *Based on information from Kevin, fill in the Protection of Special Resources section of your plan.
2. *Draft the Property Access/Roads and Trails and Aesthetics and Recreation sections of your plan.
3. If you want to include it in your plan, draft the optional Specialized Forest Products section.
4. If fire risk is an issue on your property, consider adding some mitigation activities to the forest health section of your plan.
5. *E-mail a finished draft of your plan to your site visit forester for review.

Connect Online

Using your home computer or a computer at your local library, check out these additional resources that are available to you online:

1. See what resources are available in the special forest products section of the Extension Forestry resources website: <http://forestry.wsu.edu/resources/#special>
2. See what resources are available in the fire section of the Extension Forestry resources website: <http://forestry.wsu.edu/resources/#fire>

** Top priorities for this week*
